

Fresh Roasted Coffee for "ORGANIZATION NAME" Fundraiser!

Orders must be turned in by "DATE" to "LOCATION". Checks to be made out to "ORGANIZATION".

Orders will be "fresh roasted" and delivered by the students by the week of "DATE".

All coffees are certified organic, Fair Trade and will be fresh roasted!

[EXAMPLE TEXT] For over 50 years Younglife has helped meet the needs of young people here in the USA and around the world. This is accomplished by caring, trained adults and college students who understand teens and their culture. We spend time with students on High School campus(s); at weekly Younglife clubs on various campus(s); and at Younglife camps. My husband and I have been working with High School students for almost 28yrs. We believe that "Making the world a better place" begins right in our own community; Santa Rita High School campus.

Enjoy a cup of fresh roasted coffee from Nectar of Life organic "Fair Trade" coffees; and help "ORGANIZATION"!!!

Size = 10oz; Price = \$11.00 reg., \$12.00 decaf.

Choose From 4 Blends:

French Roast - This is our darkest blend and is comprised of coffees from Indonesia and South America. It is a full-bodied, earthy blend that produces a huge, mouth-filling cup.

Happy Place - The name says it all! This dark roasted blend of gourmet coffees from around the world will knock your socks off! When times get hectic indulge in this exquisite, dark-roasted coffee, and you too can slip away to your Happy Place!

Morning Dew - This blend consists of coffees from around the world. Morning Dew is a blend of dark roasted and medium roasted coffees. It brews up a silky-smooth cup that is full-bodied and very drinkable.

Morning Dew Decaf. - This is our decaffeinated version of the ever popular Morning Dew. All the beans of this blend were decaffeinated by certified organic water processes, such as Swiss Water. All the flavor without the jitters!

About Nectar of Life Coffee Company:

Martin and Hannah Jennings formed nectar of Life Coffee Company in November 2002. Martin graduated top of his class from the University of California, Davis, with a degree in Viticulture and Enology, and went on to make fine wines until establishing Nectar of Life Coffee. Martin and Hannah both believe in preserving the environment through sustainable agriculture and organic farming practices. Nectar of Life Coffee Company only roasts gourmet shade grown, certified organic Fair Trade coffees. You can learn more at www.NectarOfLife.com.

About Fair Trade:

Fair Trade raises incomes and living standards for small coffee farmers while helping to protect the environment. Fair Trade doesn't provide aid or charity, but instead promotes self-reliance and equality for farmers who are disadvantaged under present trading conditions. Learn more at www.transfairusa.org.
